

ITEM 3

Clerk's Report

Action Notes from Previous Meetings

18th July 2019

Para 25- Walkers are Welcome Sign- Email received from Signs and Lines Section LCC. It appears that the existing town sign can be changed to incorporate the Walkers are Welcome as long as it matches the existing sign. A new license will have to be applied for.

Para 38-19/9/19 Work in progress

Para 31-Spilsby Sign made by Tong Engineering-I have been in communication with the Tongs and the sign is ready for installation. I am having a site meeting with the Rotary to decide when it should be sited. The best suggestion at the moment is near the Rotary flower bed on the junction of the A16 and Church Street.

Update- to be sited at A16/Boston Road junction. Permission letter to be sent to Rotary 16/1/20

19th September 2019

Para 47- Play Area inspection report- Mulch has been replaced. There are other outstanding items which had been tasked to Councillors. There has not been a inspection report received recently.

31st October 2020

Para 53-Newtown Car park- Quotes not obtained yet. Will task Dep Clerk to obtain next week.

Para 56- Spilsby Sparkle Day- poster not made yet. Dates need to be fixed for the clean up and publicity done. This is quite a large job and collating and distributing the information will be time consuming for the office.

Para 60-Table Tennis Table-not purchased as yet. I have spoken to SRG Secretary who will ask the Trustees where they would like it sited.

BONNY SMITH

Town Clerk
